

Sponsorship Form

Music education stimulates, challenges, and enriches our young people during their formative school years, and its value lasts a lifetime.

The Boiling Springs Band program provides positive, life-changing experiences for students and their families, as well as college scholarship opportunities. The band experience is often the highlight of a student's high school years.

Each year the school district only provides the Boiling Springs High School band program with approximately 15% of our annual operating budget. In order to meet the expectations that parents, students, and the community have for our program, it takes more than what the school district is able to provide. The remainder of the funds needed each year come from fees paid by the students, our sponsors, and various fundraising initiatives. The band booster organization works hard at fundraising in order to keep the student's band fees as reasonable as possible.

We hope you will consider helping us by selecting one of our tax-deductible sponsorships so that we may continue to provide memories that will last a lifetime for the talented, dedicated, and hardworking students who participate in the Bands of Boiling Springs.
